

Russia International Perforating Symposium in Tyumen on March 27th to 29th, 2017

Perforating techniques are required by the majority of oil and gas operators worldwide. Keeping up to date with the latest in perforating technology and its applications is not easy and in an effort to help operators, service companies and manufacturers to exchange ideas and learn about new techniques, a two day Perforating Symposium is being scheduled to be held in Tyumen on **March 27th to 29th, 2017** at the **Tyumen Technopark**. Special arrangements for accommodation will be offered at the **DoubleTree by Hilton Hotel**.

The schedule is planned as following.

Monday, March 27 th	Arrival Opening gala dinner for all sponsors, Oil & Gas Operators, Organizing Committee co-chairs and members, session speakers and honored guests.
Tuesday, March 28 th	Presentations Symposium dinner for all participants
Wednesday, March 29 th	Presentations End of Symposium

The call for papers is now officially open.

Abstracts are invited from across the industry on perforating-related topics.

Abstracts can be submitted under rips@dynaenergetics.com

The abstracts can be submitted and the presentations held in Russian or English language. Simultaneous translations are scheduled during the Symposium.

Abstract submission deadline is January 29th, 2017.

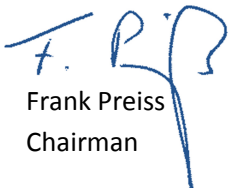

For legal purposes we advise that you check your local sanction regulations. Presently the USA and Europe have sanctions in place against Russia that may limit the topics and technologies that you can present.

The event is entirely sponsored so there will be no additional costs other than those associated with travel and accommodation. Previous symposiums have been sponsored by major operators, service companies and manufacturers. To date the following companies have committed to sponsor.

Gold	Silver	Bronze
DynaEnergetics		Autus
Schlumberger		BVT
		TTE

If your company is interested to sponsor or help organize this event or if you have any questions please send an email to rips@dynaenergetics.com and we will follow up with additional details.

On Behalf of the RIPS Committee
